

TIMELINEZ

Volume 2 Issue 4

April 1984

\$1.00

UPCOMING MEETINGS - PUG APRIL 15 SUNDAY
EBZUG - APRIL 20 THURSDAY
SBAZUG - APRIL 24 TUESDAY
Hope to see you!!!!

WHERE'S THE BEEF?

What's going on here? How come my TIMELINEZ is only one page this month and what is it doing inside this thing called T-S Horizons? Do not be alarmed for everything will be explained.

The Bay Area User groups recently received a large shipment of complimentary copies of a fairly new national publication devoted to the T/S computers. We felt that this publication was worth bringing to the attention of our readers and we thought this would be the best way to do it.

Now that SYNC magazine has announced that it will no longer publish and the status of T/S USER is still up in the air, it becomes important to support those who are left. Rick Duncan of T-S Horizons states his future intentions on page 4 and we at TIMELINEZ wish him the best of luck. We hope that many of our readers will decide to subscribe to his publication.

Rick has also sent us a limited number of the first 3 issues of T-S Horizons. These will be made available for a reduced price at the regular group meetings.

TIMELINEZ will use this respite to increase our supply of articles and to build up our bank account. We thank those who have already sent us articles and hope to get them all in the next issue. Don't forget that we are always looking for more copy from our subscribers. Be sure and watch your mailbox for a regular issue of TIMELINEZ next month.

TIMELINEZ (C) IS THE JOINT PUBLICATION OF THREE TIMEX/SINCLAIR USER GROUPS IN THE SAN FRANCISCO / OAKLAND BAY AREA. OLD AND NEW MEMBERS ARE ALWAYS WELCOME - SO ARE HARDWARE, SOFTWARE, AND COMPUTER BEGINNERS. SEE YOU AT THE NEXT MEETING.

ANNOUNCING

THE MACHINE-LANGUAGE DEMYSTIFICATION CLASS

The purpose of this class is to help you unravel your mysteries... whatever they may be.

FEE: \$2.00 per hour per person

TIME: 10AM Saturdays...or?

PLACE: 325 O'Connor St.

Menlo Park, CA 94025

CALL BEFORE COMING:

Jack Dohany (415) 321-7684

- Computer Faire Report

- BY Bill Miller
408 253-3175

- We wish to thank Mr. Ira Kuckeck and the Management of the West Coast Computer Faire for making this booth available at no cost.

- We handed out 200-250 information packages:

- We sold 30-35 newsletters and collected \$29.50.

- We collected \$0 and signed up 0 new members (see 840322 'Attention Timex booth volunteers -suggestions').

- We were contacted by (got business cards from) 5 people:

- 13 people signed our 'Other Area User Groups' list, indicating they were already part of another User Group or wished to start one or join one in their area:

- Three Programs were donated to the club for Public Domain use:

*-'Address Book' For the T/S1000
BY Bob Kovach

*-'Othello' For the T/S1000
BY James Ruetenik

*-'Machine Code Loader' FOR T/S1000
BY James Ruetenik

- We also received literature from 4 organizations:

- We learned a lot at the Faire which will help us do a better job next year:

A KEYWORD TABLE FOR THE TS 2068

To use this chart, find the command or token you want in the "TOKEN" column. The token is input by pressing the key with the symbol in the "KEYS" column next to the desired token. The cursor needed to input the token is found in the "CUR" column next to the key you should press. Any cursor listed in that position can be used.

The "S" column contains the shift key, if any, which may need to be pressed to obtain the desired token. A blank indicates that no shift is needed. An "S" in the space means that you should press the SYMBOL SHIFT key while pressing the indicated key. A "C" in this space means that you should press the CAPS SHIFT key while pressing the indicated key.

Henry Polard

NOTE: We have reduced Henry's chart down to a size that will fit the Command Cartridge door of the 2068. To obtain a full size copy of the chart, please send a legal self-addressed STAMPED envelope to: TIMELINEZ, PO BOX 1312, Pacifica, CA 94044 - Ed.
